BELOVED SAINT GERMAIN'S DISCOURSE

MINNEAPOLIS, MINNESOTA SEPTEMBER 2, 1939

BELOVED ONES OF THE LIGHT! I wish for your Great Joy and Encouragement to inform you of a few points tonight that will lift you in the Great Service which you have been rendering, and at times, which you questioned very greatly.

I want to say to you, that your sincere activity has been so much more far-reaching than you outwardly realized, and that is why We are here; and as our Blessed Irene Hudson made the remark tonight, if you just keep standing by your Calls, your Decrees, there is only *One* Result and that is Successful Achievement. Remember, Dear Students, there is no power of human creation in this Universe that can stand against your determined Decrees, your determined Call, for whatsoever you wish that is constructive — and of course, it is so important to keep your mind off of destructive persons, places, things and conditions — and as soon as the Student Body realize this, what Magnificent Progress will be made, but how many constantly look about and see what this one and that one is doing, and wondering why they do so.

Remember your attention — and I am saying this tonight — in the first place, no one can take your attention where you do not wish it to go. Your attention is paramount in your world! You can keep it on the "Presence" or you can keep it on human appearances that will bring you no good thing, and charge your world with appearances that are there, and that are limiting and largely destructive.

Please don't leave your chairs when I say to you that We have prepared the way, and since the Musical in Oakland We have been waiting for this hour — one half of the entities in these Twin Cities will be removed before 12 o'clock! *Beloved Ones, you can scarcely realize what this means!* And as your Beloved Lotus, evidently

feeling the Great Inner Impulse, was guided to make This Call for the removing and consuming of many previous focuses which were here, *that will be done!*

I wish you to feel as I said to the Messengers in the beginning, when We found that They were strong enough to carry This Light and not be affected by human desires and human opinions, We conceived at once a Sweeping Power of Action for America, and saw in Her inception, the possibilities which were Hers; and also, I saw what has been indicated to you, that this was the last spot on Earth on which hope remained for the redemption of mankind! That is why I have been calling and almost urging Them into constant action to render as much Service as possible in the short time, and They have not failed Us in a single instance!

Therefore, My Gratitude is very Great by now! You will remember, possibly some of you have not heard it, but in the Christmas Shrine Class, it was stated that *now* We go into definite action for permanent results; and has it not been so?

We long ago saw two things which must be done in order to release mankind: the dissolving of their own accumulation of the centuries, and the removal of discarnate entities which were causing pressure upon them. That had to be done for mankind to have release! As We do this in various parts of the Nation, do not think this has stopped because We fail to mention it. It goes on and on.

In California, every entity has been removed from that state, and that is something! My Dear Ones, since I believe that you believe that I am telling you the truth, yet can you understand what this means? Do you realize what this means to take all entities, past and present, from a state the size of California? Do you realize what Power has been required, for many had to be taken by force. They did not want to leave desires that they were gratifying through human beings. *The only hope for the Earth was that this could be done,* and in conditions which remain, it will continue in action with much Greater Power; and I want you to notice the changes here!

I want you to feel that every honest effort is a Magnificent Thing in the Service of the Light. Do not look for outer encouragement, but just go on and on, knowing that as you see and know

the Goal — *your Light is the Fulfillment of It! Nothing can stop your sincere Call! And keep it up!* Observe how every Student who has made sincere and determined Calls has had everything go down before them.

Look at our Blessed Ones here, how thousands of things have come up before them that looked terrifying, and yet, at their Calls, disappeared. The blessing and protection given this building and radio station are amazing.

There still may be those in this city who will see the Action of the Violet Consuming Flame in this city tonight, like a forest fire, dissolving and consuming this past accumulation of substance. I do not think it advisable to explain it to you tonight. We will see, during this Class, whether it is Wisdom to do it. Past accumulation in this locality and that substance will be dissolved and consumed tonight.

In your Calls for the dissolving and consuming of your own human accumulation and all that you require, you will find from tonight very much greater Release and very much quicker results, not that you should look for quick results. Leave it to the Wisdom of the "Presence"! We cannot judge in the outer what the Wisdom of the "Presence" may want to do! The Messengers have found too, that if They leave everything in Its Hands, it is taken care of rapidly and powerfully. So it is with you in your action here.

I think it remarkable how the Students have stood staunch and true under vicious conditions. Not just because of the individuals, but because of the accumulation in the past, and mankind responds to it. These people do not know they are responding to this accumulation and feeling of the past. Unless you use the Violet Consuming Flame earnestly, you do not know how you are subjected to the influence of these things around you. It may not be to the point that would cause you to do a drastically wrong thing, but just swing you to one side or another, and delay your Goal. Really, your efforts here have been tremendous. I want to congratulate our Blessed Irene Hudson on the powerful Application she has made. It is wonderful really, and how she has seen go down before it, everything that seemed to oppose it. And I tell you, this

experience in getting and establishing this Reading Room and the condition it was in when you found it, is Magnificent, showing the Power of Light that will take Command.

Beloved Students, with so many people, it is the financial situation that is the great big terrifying thing. Therefore, look it straight in the eye and say to it, "You frightened me once, but never again! Run along now!" Then follow that with a Tremendous Charge and Decree, " 'BELOVED MIGHTY I AM PRESENCE'! YOU TAKE COMMAND OF MY MIND AND BODY! I AM A CHILD OF MY 'MIGHTY I AM PRESENCE' AND IT IS MY TREASURE HOUSE; THEREFORE, ALL WHICH I REQUIRE FOR MY USE IN THE OUTER IS HELD BY MY 'BELOVED MIGHTY I AM PRESENCE'! YOU BRING IT TO ME IN THE POWER OF DIVINE LOVE AND WISDOM!" Then you will find that all you require, actually ten times more than you require, will be released. At first it was difficult for the people to understand when Beloved Lotus called for ten times more than was required; but if you do call for ten times more than you need, this would prevent you ever running into an emergency where fear could drive in.

Suppose you are making Application and your Call for some result does not quite bring it through, and discouragement sets in, had you called for ten times more than you required, you would have had enough to bridge over the emergency. This is the Law of Life! I ask you to observe in your berry, fruit and vegetable kingdom, if you had the record as We have, you would find that two times is produced what is used through your Nation, and more than that in California; and I tell you, the day is at hand when this thing of lack shall cease, and the people of America shall have what belongs to them, which Nature has produced.

Suppose mankind produced more than they could sell at a profit, is there any reason why others of mankind who have nothing, should not have it? Such will come, and the desire within mankind, this unhappy desire that has led mankind into these conditions, shall be dissolved.

Allow Me tonight to try to help you see what it means in taking away all entities. The remaining entities will be taken away

before the end of this Class! That substance, which is the pressure of human beings' accumulation, shall be removed!

Do you know why some of the Students have made such marvelous progress? Because they have been constantly changing environment. I want to tell you, and I don't dare go into this very much, for everyone would be moving around, but one day, when We are at a point where I can explain this, you will understand and see exactly what I mean. Before automobiles came into action, people lived in remote places and never got more that twelve or fifteen miles away. They lived there, building up human accumulation in that environment, and kept reabsorbing it all the time. Take Paris and London for instance; what do you suppose is in those cities? We are just babes with our cities in comparison to those cities which have been a focus of discord for centuries.

The people of Germany and Russia are seeing, in their Hearts, as never before, and I rejoice with all My Heart, and I will help that to be done. You see, Beloved Ones, the people of the World do not understand these Laws which have been brought forth in These Books and This Teaching — there is nothing in the Universe that surpasses It!

So as you understand that, you will see how imperative it is. Really, one day, and I promise you, that one day some of you shall see the record of what has been here that you may know what has been done.

Now this may sound peculiar to you, but upon those living here, in a manner which I may not explain, devolved the responsibility of holding the Light to a certain point. That point has been reached, so you should feel very gratified and proud, because you can be proud of your Adoration to the Light. That is one place where there is no false pride, but give Great Gratitude and Praise that you were drawn into the Light. *Do not be disturbed by those who turn aside!* There is a clearinghouse in your banks, and the world is a clearinghouse, and it all moves through there. If there be a mistake, it is found and corrected, and even sometimes when it passed through the scrutiny of many banks, it is sent to the clearinghouse and it is found; and so, in the establishing of This Activity, This Light, It is also a clearing-house — not a cleaning-house!

You know, I think you ladies are more prompt than I am since you houseclean twice a year, and I only once in five years! But Mine is a very *great housecleaning,* and My housecleaning does not have to be repeated, as you notice. That is the important thing, but after all, it should not have to be repeated!

If people do not want the Light, they are free to be without It, so don't get anyone by the hair and pull them around. You know, we must maintain the reputation of America - the *Nation of Freedom!* Had you ever analyzed your feelings sometime when you see someone whom you think should have This Light, and you so earnestly would like to bring about something that would enable them to see It? Talk to their Higher Mental Body about it. That is the safest thing to do, because when you get into physical discussion, sometimes it is not always pleasant. The Higher Mental Body never talks back to you, but joins you and rejoices with you in your Call for Freedom.

You know, I feel quite at home tonight. Yes, true — sometimes I shall have more to say about this, but just enough tonight to have you know that this is just the beginning now of some Great Expansion of the Light.

There are many blessed people here, really, many who have been led astray by misunderstandings; but of course, in cities where there was a lot of confusion and the people withdrew, this and the other thing, that report goes with great speed, and people temporarily accept it. For just one illustration: in every one of the Classes in Washington, D.C., people who have come into the Classes — some have been held away by discord, untrue stories or gossip — when they have come and heard for themselves, they have seen how ridiculous it was.

A lady came, in Oakland, and wrote the Messenger a letter, and she said, "I came, just about ready to hate you, but in spite of that, something drew me there. The first night I wasn't quite convinced, but something within me said, you had better go back, and I went back, and the next day that feeling was finished!" That is why you need to keep up your Call to the "Presence" to keep the Violet Consuming Flame in action, to keep this substance dissolved. You will have a clear consciousness of exactly what to do.

Tonight, in our little happy family gathering, I want to thank you all, and rejoice with you in the Expansion of your Light. While the Messengers haven't been here, We have been here so many times, and the Great Rays of Light projected for the assistance of you here has been wonderful. You see, we are not like individuals in human form. We do actually see the Goal from the beginning. Therefore, whatever gets in the road, We know is only a temporary thing. If you would join Us in that attitude, it would make you very happy, I am sure. You know your Goal — and that is *Freedom* from human limitation, and the Victory of the Ascension! Whatever interferes in the meantime, do it, give your service, but keep your eye on the Goal. On the way to your Goal, you can render tremendous Service to America, and that will hasten your Goal tremendously.

Did not you ever see in the moving pictures where a great light appeared in the distance, and then drew near you, and you saw the radiance, and as it drew near, you saw it almost as though it came into you? So as you hold your attention upon that Goal, and your attention is so powerful, that Goal is the Great Light and Its Radiance forms a Tube of Light — not your Tube of Light, but a Tube that draws you there into Itself. One day, you will find *That* has come in, and draws your Tube which becomes *One* with It, and then your pilgrimage is finished.

That is a Magnificent Thing, and so true! Every Word in the Books is True; every Word the Messengers have given is True; and when you realize that, you can afford to smile at the people who criticize, and you go on to your Goal — *your Freedom, the Ascension!*

Beloved Ones, I thank you with all My Heart; and I bid you Good night.
